## **SENIOR ASSESSMENT PROCEDURES**

### **Marking and Moderation**

Student's work will be marked by their subject teacher following NCEA assessment schedules and guidelines. Moderation will take place at the beginning of marking. Moderation of a random selection of work or evidence will take place with a teacher from within the school or from another local high school.

### **Authenticity of Student Work**

All work must be the student's own. If a staff member is in doubt the student will be asked to provide further evidence, orally or in writing, by producing a similar piece of work. An inadequate explanation will result in no achievement grade being awarded. NZQA Policy will be followed.

### **Appeals**

If students are not satisfied with their assessment grade they must lodge a written appeal with their teacher within 48 hours of the assessment being handed back. If they are still not satisfied the students should lodge an appeal with the Senior Teacher (Deputy Principal) responsible for the Māori Department. Following this, an appeal must be referred to the Deputy Principal in charge of Curriculum and Assessment.

### **Recording of Marks**

The teacher will keep ALL assessed work and/ or evidence for the internal Standards in a locked cabinet/cupboard. At some time during the year students will be asked to confirm and sign that the data entry on the College database is an accurate record of their results throughout the year.

### **Derived Grades**

These are only available for external standards and will depend on evidence available from practice examinations and other assessed work completed in class that is related to the same learning outcomes.
